Nature and Whale Watching Adventure

Our tour boat the Haligonian III makes its way to Chebucto Head at the mouth of Halifax Harbour on this 2-½ hour cruise. Our narrator will tell your guests about the history and geography of Halifax Harbour as you pass George's Island and McNab's Island. Experience the majestic views of the world's largest mammals while our guides identify features of the wildlife most commonly seen in the area. Your group can watch the captain and crew pull a live lobster pod and learn about the lobster fishing industry. We tend to see minke whales, pilot whales and fin whales as well as dolphins, blue-fin tuna, sunfish, seals and many marine birds.
